Respected Sir/Madam,

Subject: Areasana Snow Chambers by TechnoAlpin

Who does not love the comforting feeling that a snow-covered landscape elicits! **AREASANA SNOW CHAMBERS** symbolizes a purification of body and soul. The combination of **dry cold and real snow** provides a wholesome and gentle atmosphere to cool down in.

The benefits of the sauna are greatest when the experience of warmth is paired with a subsequent cooling down phase. This method of returning to your natural body temperature by entering the snow chamber is generally accepted as being much more pleasant than bathing in cold water.

Benefits of Areasana are as follows:

- Burns Fats
- Increases detoxification of skin and improves skin tone
- Reduces formation of wrinkles
- Beneficial for Pain Receptors
- Reduces Stress and acts as Relaxation Therapy
- Better Blood Circulation in muscles and skin
- Strengthens Immune Systems
- Metabolism Stimulated
- Produces Analgesic and Anti-Inflammatory substances
- Cools inflamed, pained and burdened muscles and joints

TechnoAlpin, Italy is in the business of manufacturing snowing machine, duct controller and snow chambers since last 23 years. The basic idea is to reduce the body temperature after a Sauna bath so that various benefits of entering the snow chamber can be experienced. The Chamber is available in various sizes with as small as 2x3m snow rooms. Various accessories and a training kit is made available after installation of the snow room.
